

PEDIATRIC CRITICAL CARE AND TRAUMA SCIENTIST DEVELOPMENT PROGRAM

WHAT IS PCCTSDP?

The Pediatric Critical Care and Trauma Scientist Development Program (PCCTSDP) is a national faculty training for pediatric critical care physicians and trauma surgeons. The goal of the PCCTSDP is to increase the number of highly trained, successfully funded, and sustainable pediatric critical care and pediatric trauma physician scientists who will do research to enhance the scientific understanding, clinical management, and long term outcome of critical illness and trauma in children. The PCCTSDP is funded by the Eunice Kennedy Shriver National Institute of Child Health and Human Development (NICHD) in the Pediatric Trauma and Critical Illness Branch.

REQUIREMENTS

Must have completed a M.D. or Ph.D. or equivalent.

Junior faculty in pediatric critical care or trauma surgery.

The candidate must make a five-year commitment to the training plan, and there must be institutional commitment to the scholar.

Must have an established scientific mentor (clinical or basic science) and submit a K type application.

DEADLINES

Application deadline is October 1, 2018

Applicants must attend the PCCTSDP Research Retreat in Deer Valley, Utah, November 1-4th, 2018, as part of the application process.
